

# Economy, Finance and Trade: Spain

May 2023

Table of Contents

## HEADLINES

### PROSPECTS

Slowdown in private consumption leads to decelerated economic growth  
Government aid to ease the burden of rising energy expenses for households  
Continuing tension with Algeria hinders Spanish trade potential  
The energy sector leads Spanish foreign investment inflows  
Budget deficit is set to persist, impacted by expanding welfare policies

## About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
