

Cough, Cold and Allergy (Hay Fever) Remedies in Italy

September 2023

Table of Contents

Cough, Cold and Allergy (Hay Fever) Remedies in Italy - Category analysis

KEY DATA FINDINGS

2023 DEVELOPMENTS

Cough and cold remedies set to benefit from another atypical flu season in 2023/2024

Cough remedies and pharyngeal preparations seeing dynamic growth as coughs and sneezes spread diseases

Antihistamines/allergy remedies (systemic) suffering from a less favourable allergy season with cold and wet weather

PROSPECTS AND OPPORTUNITIES

Growth set to slow down as immunity builds up, while players could look to add value with more convenient formats

Some combination products – cough, cold and allergy (hay fever) remedies and oral decongestants may be impacted as pseudoephedrine comes under scrutiny

Climate change expected to boost demand for antihistamines/allergy remedies (systemic)

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/cough-cold-and-allergy-hay-fever-remedies-in-italy/report.
