Imaging Devices in Sweden

KEY DATA FINDINGS

2023 DEVELOPMENTS

Imaging devices losing mass appeal with growing focus on professionals and serious enthusiasts

Smartphones cannibalising sales of imaging devices thanks to increasingly sophisticated camera features

Travel and action cams still hold some appeal

PROSPECTS AND OPPORTUNITIES

Consumers expected to shun imaging devices in favour of their smartphones

Prices expected to rise as products become more sophisticated and advanced to reflect the market demand

Improved travel opportunities could present some opportunities for growth

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/consumer-electronics-in-sweden/report.
