Vitamins in Kenya - Category analysis

KEY DATA FINDINGS

2023 DEVELOPMENTS

Multivitamins are the star performer in this growing category
Middle and high-income consumer groups drive sales of vitamins
DIY options are the preferred option to boost vitamin intake

PROSPECTS AND OPPORTUNITIES

High costs of living will dampen sales and brand choice
Medical professionals are a key influencer in driving awareness and product usage
E-commerce is a growing channel although stock outages remain a key issue

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/vitamins-in-kenya/report.
