

# Sweet Spreads Packaging in Hong Kong, China

May 2024

Table of Contents

## KEY DATA FINDINGS

### 2023 DEVELOPMENTS

Glass jars dominate due to premium feel and sustainability trends

Rigid plastic continues taking share from glass in sweet spreads packaging

Plastic dispensing closures continue gaining share in honey

### PROSPECTS AND OPPORTUNITIES

PET bottles to grow due to market demand for convenience and product visibility

PET jars will keep taking share from glass jars in nut- and seed-based spreads over the forecast period

## About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
