

Hair Care in Latin America

August 2022

Table of Contents

INTRODUCTION

Scope

Key findings

REGIONAL OVERVIEW

Weak performances in Latin American hair care

After the historic period's declines, positive growth is expected from 2022

The regions' three biggest markets all post negative CAGRs in 2016-2021

Perms and relaxants and styling agents suffer in the pandemic

Colourants record the greatest actual losses over the 2016-2021 period

Pandemic and inflation impacting the market in the latter part of the 2016-2021 period

Grocery retailers continue to dominate hair care sales in Latin America

E-commerce sees strong growth but still has a limited presence in hair care

LEADING COMPANIES AND BRANDS

Concentrated competitive landscapes at a national level

Unilever, L'Oréal and Procter & Gamble still clear of the field

Brazil and Mexico the main revenue generators for the leading players

Natura moving up the rankings

FORECAST PROJECTIONS

Positive value growth expected for hair care over the forecast period

Increasing development of natural products and ingredients expected

Rising GDP will be an important driver of regional growth

Uruguay: Competitive and Retail Landscape

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
