

Consumer Systems and Home Automation - A Disruptive End to Silo Thinking

June 2021

Table of Contents

Scope

Key findings

Fast-moving consumer goods as consumables

Exploring consumer systems

EXAMINING CONSUMER SYSTEMS

Consumer systems in-depth

Smart disruption: a force eroding silo mindsets and testing barriers between stakeholders

New business models: a radical overhaul of ownership where anyone can be a “frenemy”

Mixing-in-the-Moment: a predictable smart disruption impacting most consumer systems

Maturing consumer systems: evolving and disruptive – Healthy Eating

Maturing consumer systems: evolving and disruptive – Fabric Care

Maturing consumer systems: evolving and disruptive – Hygienic Home

Emerging consumer systems: brands see opportunities, frameworks are at an earlier stage

Emotion from facilitation: the resonance and relevance in a consumer system cascade to all

Empathic technology is next: reacting across an entire consumer system creates synergy

Consumer systems in focus

Companies are meeting the needs of consumers using various strategies

Candy's WashPass brings more system spending under one roof, with gains for all involved

WashPass and its position in the Fabric Care Consumer System

Henkel's 2019 Somat Smart consumable insert goes in dishwashers, taking over auto-dosing

Somat Smart and its position in the Healthy Eating Consumer System

Haier's Internet of Clothing (IoC) is huge and continuous to evolve

Haier's Internet of Clothing (IoC): when thinking in user scenarios is put into practice

Alexa voice shopping and Amazon's DRS offer glimpses into ring-fenced shopping journeys

Bundles challenges the concept of “owning” devices, mixing shared economy with circularity

Bundles and its position in the Fabric Care Consumer System

Bundles and its position in the Healthy Eating Consumer System

Lasso brings into focus the sustainable home of the future; which FMCG brand will acquire?

Futurology: control of consumables, devices, sensors and retail across a system pays off

Smart disruption in home insecticides and its position in the Hygienic Home System

Consumer systems

Key industry takeaways

Challenges to overcome

Become tomorrow's next leader

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/consumer-systems-and-home-automation-a-disruptive-end-to-silo-thinking/report.
