

# Global Overview of Automotive

July 2021

Table of Contents

## Scope

Examining four trends shaping the motor vehicles and parts industry

COVID-19: impact on motor vehicles and parts

Motor vehicles and parts among the most COVID-19 affected industries

Production value to fully recover in 2021

China and the US continue to dominate the global industry

Cost discipline to continue as profits remain under pressure

Growth in exports slows amidst weaker demand for new vehicles

Expanding B2B demand to drive growth in imports in Eastern Europe

B2B demand drives market expansion in Europe

Toyota remains the leader despite the global pandemic

Total number of companies declines due to consolidation

Industry concentration to increase amid rising costs

China, the US and Eastern Europe to drive future production value growth

Eastern Europe and Asia forecast to swiftly recover from COVID-19 shock

Key future trends shaping the global industry

China : industry remains resilient to COVID-19 shock

Electric vehicles to drive production value growth

USA : industry poised to quickly recover from COVID-19

Industry revives after 2020, although supply issues will continue

Germany : industry to face prolonged recovery

Struggling auto parts production to delay full recovery of German automotive industry

Japan : industry faces prolonged recovery due to weak domestic demand and outsourcing

Weak domestic demand and production outsourcing hinders industry's growth potential

South Korea : production outsourcing set to delay industry's recovery

Electric vehicle technologies promise future growth opportunities

Mexico : industry benefits from high export capacity

Improving demand in export markets to drive industry's recovery

India : COVID-19 pandemic impacts domestic demand and the industry's growth

Investments in new models and electric vehicles to drive growth

United Kingdom : COVID-19 shock and declining exports impact the industry

Industry to show slow recovery from COVID-19 shock, but electric vehicles provide hope

France : weak domestic and foreign demand decimate automotive industry

French automotive industry struggles, but pins high hopes on electric vehicle technology

Spain : industry faces slower growth after the pandemic

Automotive production to reach pre-pandemic levels by 2023

Czech Republic : industry poised for quick recovery in 2021

Industry slumps in 2020, but eyes rapid recovery as foreign demand accelerates

Brazil : weak domestic demand and low exports have potential to limit growth

Industry faces prolonged recovery from COVID-19 pandemic

Italy : industry expected to revive after COVID-19 shock

New investments anticipated to accelerate the industry's recovery

Sweden : automotive industry proves quite resilient to COVID-19 pandemic

Investments in electric vehicle technologies could transform the Swedish auto industry

Canada : industry faces prolonged recovery from COVID-19 shock

Investments in electric vehicles to help revive competitiveness

Poland : COVID-19 pandemic halts car production in 2020

Auto parts sector expected to drive the industry's recovery

Iran : industry forecast to operate below its potential

Rising costs and shortages of materials limit the industry's growth potential

Thailand : slow domestic demand to delay the industry's recovery

Industry forecast to face prolonged recovery from the pandemic

Indonesia : declining domestic demand impacts the industry

Industry's production output to fully recover in 2022

Russia : industry faces prolonged recovery

Production output to fully recover in 2025

## About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
