

Sauces, Dips and Condiments Packaging in China

June 2024

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

Flexible plastic is the dominant pack type in pickled products in China

Glass bottles remain the most popular option in ketchup despite competition from other pack types

Aluminium/plastic pouches the favourite pack type in pasta sauces

PROSPECTS AND OPPORTUNITIES

Flexible plastic expected to see rising packaging unit volumes over the forecast period

The 500g and 1,000g packs will remain the favourite sizes in sauces, dips and condiments packaging

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
